19<sup>th</sup> February, 2026

Dear Sir/Madam,

## RE: ANNUAL INTERNATIONAL SYMPOSIUM FOR HUMAN RESOURCE MANAGERS/ OFFICERS.

### THEME: THE NEW DIGITAL ERA.

**DATE** : 20<sup>th</sup> -24<sup>th</sup> April 2026

**VENUE** : DURBAN -SOUTH AFRICA

**TUITION** : US \$ 1750.00 (for training materials and tuition only per participant)

The new digital era is transforming human resources (HR) in exciting ways.

### Here are some key trends shaping the future of HR;

- Artificial Intelligence (AI) Integration: AI is revolutionizing HR processes like recruitment, talent development, and employee engagement. It's helping HR teams automate tasks, predict employee behavior, and make data-driven decisions.
- Workplace Digitization: The shift to digital workplaces is enhancing employee experiences, improving communication, and boosting productivity. Technologies like cloud-based HR systems, virtual reality, and gamification are becoming increasingly popular.
- Data-Driven Decision Making: HR is becoming more strategic, leveraging data analytics to inform decisions on hiring, training, and retention. This helps organizations build a more agile and responsive workforce.

- Employee Well-being and Experience: There's a growing focus on employee well-being, mental health, and creating a positive work environment. HR is using technology to support these initiatives and improve overall employee experience.
- Hybrid Work Models: With remote work here to stay, HR is adapting to manage hybrid teams, ensure inclusivity, and maintain company culture.

These trends are just the beginning. As HR continues to evolve
